Professional Summary

Results-driven Full Stack Developer with 4+ years of experience designing, building, and maintaining scalable web applications. Proficient in React, Node.js, and cloud services. Passionate about clean code, performance optimisation, and delivering exceptional user experiences in agile environments.

Work Experience

Senior Full Stack Developer

TechNova Solutions Pvt. Ltd., Coimbatore

Jan 2022 – Present | Coimbatore, TN

- Architected a microservices-based e-commerce platform handling 50K+ daily active users using React and Node.js.
- Reduced API response time by 40% through Redis caching and query optimisation.
- Led a team of 5 developers, conducting code reviews and driving agile sprint planning.
- Integrated AWS S3, SES, and Lambda functions reducing infrastructure costs by 25%.

Full Stack Developer

Webcraft Digital Agency, Bangalore

Jun 2020 – Dec 2021 | Bangalore, KA

- Developed 12+ client websites and web apps using React, Vue.js, Django, and PostgreSQL.
- Built a real-time chat module using Socket.io serving 10K+ concurrent users.
- Implemented CI/CD pipelines with GitHub Actions reducing deployment time by 60%.

Key Projects

ShopEase — Multi-Vendor E-Commerce Platform

React · Node.js · MongoDB · AWS

Built a scalable multi-vendor marketplace with real-time inventory, Razorpay integration, and an admin dashboard. Supports 200+ vendors.

TaskFlow — Project Management SaaS

Vue.js · Django · PostgreSQL · Docker

Developed a Kanban-style project management tool with role-based access, Slack notifications, and detailed analytics reporting.

Certifications

- AWS Certified Developer – Associate Amazon Web Services · 2023
- Meta Front-End Developer Certificate Coursera / Meta · 2022
- Google Professional Cloud Engineer Google Cloud · 2021
